Brentwood Services is acquired by Acrisure

Acquisition provides resources for growth while preserving Brentwood's unique market position

BRENTWOOD, Tenn., July 6, 2022 — Brentwood Services, Inc., a leading provider of insurance-related claims services specializing in alternative-market solutions, has entered into an agreement to become an Acrisure Partner. Acrisure is a fintech leader that operates one of the ten largest insurance brokers in the world.

Richard (Dick) Hammer started Brentwood Services in 1990 and conducted an extensive search for a firm that shared the same vision and values as Brentwood. The deal to join Acrisure was finalized on July 1, 2022.

“Brentwood has an outstanding reputation in the TPA market and Acrisure’s business model and innovative technology makes this partnership a great one. With this agreement, Brentwood maintains its identity and leverages Acrisure’s resources, entrepreneurial network and technology to do what we do best — provide customized services to meet the unique needs of our clients,” said Keith Fawcett, CEO of Brentwood Services.

From \$38 million to over \$3.8 billion in revenue since 2013, Acrisure combines human and high tech to provide solutions for insurance, reinsurance, real estate services, cyber services and asset management. As a majority employee-owned private company, the Acrisure model is fundamentally different. Acrisure Partners maintain autonomy, keep decisions at the customer level, and are offered technology, tools and resources to accelerate growth.
